## NAMING OPPORTUNITIES

Significant gifts to the college provide opportunities for donors to designate the name of a college facility or program in honor of the donor or another person. Scholarships, endowed chairs, lecture series, and faculty and staff awards programs are among the named gift opportunities, as are buildings or portions of buildings, including laboratories and conference rooms. Naming opportunities range from \$10,000 to \$5,000,000 and are offered in recognition of a single, tax-deductible, irrevocable gift or written pledge made over a specified period of time. Related matching funds are considered as additional to the original gift to the College. The following is a comprehensive list representing the minimum contribution required for specific naming opportunities as approved by the College Board of Trustees.
