INDEPENDENT AUDITOR'S REPORT

To the Board of Governors
Pensacola State College Foundation, Inc.
Pensacola, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of Pensacola State College Foundation, Inc. (the "Foundation") (a component unit of Pensacola State College), as of and for the year ended December 31, 2016, and the related notes to the financial statements, which comprise the Foundation's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Board of Governors
Pensacola State College Foundation, Inc.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of December 31, 2016, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Prior Period Financial Statements

The financial statements of the Foundation as of and for the year ended December 31, 2015 were audited by other auditors whose report dated March 15, 2016 expressed an unmodified opinion on those statements.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Foundation's basic financial statements. The Dr. Philip Benjamin Matching Grant Programs - Schedule of Revenues, Expenses, and Changes in Net Position and the Florida Community College Scholarship Programs - Schedule of Revenues, Expenses, and Changes in Net Position are presented for purposes of additional analysis and are not a required part of the basic financial statements. They are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. These schedules have not been subjected to the auditing procedures applied in the audits of the financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Board of Governors
Pensacola State College Foundation, Inc.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 17, 2017, on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

Pensacola, Florida

PENSACOLA STATE COLLEGE FOUNDATION, INC.
A COMPONENT UNIT OF PENSACOLA STATE COLLEGE
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2016 AND 2015

The following discussion and analysis of Pensacola State College Foundation, Inc.'s (the "Foundation") financial statements provides an overview of the Foundation's financial activities for the year ended December 31, 2016, with comparative information for the year ended December 31, 2015. These financial statements have been prepared in conformity with the accounting principles and reporting guidelines established by the Government Accounting Standards Board ("GASB") as this is the presentation used in the Pensacola State College ("College") Annual Financial Report. The Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position provide information on the Foundation as a whole and present a long-term view of the Foundation's finances. Foundation management has prepared the financial statements and related note disclosures along with the discussion and analysis. The responsibility for the completeness and fairness of this information rests with Foundation management.

The Foundation is a Florida not-for-profit corporation formed in 1965 to encourage, solicit, receive and administer gifts and bequests of property and funds for scientific, educational and charitable purposes, all for the advancement of the College and its objectives. The Foundation is a direct support organization of the College.

Financial Highlights

During the year ended December 31, 2016, the Foundation's net position increased 5.90%. The State of Florida once again deferred funding the Dr. Philip Benjamin Matching Program for the State's fiscal year 2016. Therefore, no state match revenue was received during the year ended December 31, 2016. The State of Florida has also deferred funding the Dr. Philip Benjamin Matching Program for the State's fiscal year 2017.

The Foundation's investments showed a return (net of fees) of approximately 7.8% from January 1, 2016 to December 31, 2016. As of December 31, 2016, the Foundation's total return on investments (net of fees) was 6.44% since April 1, 2002. The account remains well-diversified and moderately invested, targeting a 60% equity and 40% fixed income mix.

The Foundation continues to provide financial support to the College in terms of scholarships, technical equipment, and other educational activities benefiting the students and community.

Using This Report

The Foundation is a component unit of the College. Although legally separate, this component unit supports the mission of the College by providing funding and services to support and foster the pursuit of higher education at the College. The College is financially accountable for the Foundation, and the College reports the Foundation's financial activities to the State of Florida.

PENSACOLA STATE COLLEGE FOUNDATION, INC.
A COMPONENT UNIT OF PENSACOLA STATE COLLEGE
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2016 AND 2015

Using This Report (Continued)

The Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position report information on the Foundation as a whole and on its activities in a way that helps the reader determine if the Foundation is in a better position from one year to the next. The statements allow the reader to analyze the information over long periods of time. When revenues and other support exceed expenses, the result is an increase in net position. When the reverse occurs, the result is a decrease in net position. The relationship between revenues and expenses may be thought of as the Foundation's operating results. These two statements report the Foundation's changes in net position. The Foundation's net position, which is the difference between assets and liabilities, is one way to measure the Foundation's financial health, or financial position. Over time, increases or decreases in the Foundation's net position is one indicator of whether its financial health is improving or deteriorating. One will need to consider many other financial and non-financial factors to assess the overall health of the Foundation, such as legislative funding, indirect support (staffing and facilities) provided by the College and the economy as it relates to investment fluctuations and pledge fulfillment.

These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector institutions. All of the year's revenues and expenses are taken into account regardless of when cash is received or paid.

The Foundation's financial statements present consolidated results for three separate self-balancing components:

- Unrestricted - Representing funds that are available without restriction for carrying out the Foundation's objectives.
- Restricted components include:
 - Expendable - Represents funds that are subject to donor, grantor, or other outside party restrictions to use for the benefit of various programs at the College, including the expendable portion of endowment funds.
 - Nonexpendable - Represents the nonexpendable portion of endowment funds that are subject to donor, grantor, or other outside party restrictions for the benefit of various programs at the College. Earnings on endowment funds are included in expendable funds.

The Statement of Net Position

The Statement of Net Position presents the assets, liabilities, and net position of the Foundation as of the end of the fiscal year. Its purpose is to present to the readers of the financial statements a snapshot of the Foundation at a certain point in time. The statement of net position presents end-of-year and end-of-period data concerning assets (current and noncurrent), liabilities (current and noncurrent), and net position (assets minus liabilities).

PENSACOLA STATE COLLEGE FOUNDATION, INC.
A COMPONENT UNIT OF PENSACOLA STATE COLLEGE
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2016 AND 2015

The Statement of Net Position (Continued)

From the data presented, readers of the statement of net position are able to determine the resources available to continue the operations of the Foundation. They are also able to determine how much the Foundation owes vendors. Finally, the statement of net position provides a picture of the net position and the availability of resources for expenditure by the Foundation.

Net position is divided into two major categories. The first category is unrestricted net position. Unrestricted net position includes resources available for any lawful purpose of the Foundation and College. The second category is restricted net position, which is divided into two categories, expendable and nonexpendable. Expendable restricted net position is available for expenditure by the Foundation, but must be spent for purposes as determined by donors or external entities that have placed time or purpose restrictions on the use of the resources. The corpus of nonexpendable restricted resources is only available for investment purposes.

The assets, liabilities, and net position of the Foundation as of December 31, 2016 and 2015 are summarized in the following table:

	<u>2016</u>	<u>2015</u>	<u>Dollar Change</u>	<u>Percentage Change</u>
Assets:				
Current assets	\$ 13,289,729	\$ 12,177,415	\$ 1,112,314	9.1%

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2016 AND 2015

The Statement of Net Position (Continued)

Net position for the Foundation increased during the year ended December 31, 2016. This is primarily a result of investment income and contributions. When reviewing net position by component, all categories of net position increased.

The Statement of Revenues, Expenses, and Changes in Net Position

Change in net position is based on the activity presented in the statement of revenues, expenses, and changes in net position. The purpose of this statement is to present the revenues earned and the expenses incurred by the Foundation.

Revenues and expenses are categorized as operating or nonoperating. Operating revenues and expenses represent ongoing activities in support of the College's programs and the ongoing activities of the Foundation. Operating activities relate to the Foundation's principal function, which is to solicit, receive, and administer charitable contributions for the College. Nonoperating revenues and expenses consist of those revenues and expenses that are related to financing and investing types of activities and result from nonexchange transactions.

Revenues, expenses, and changes in net position of the Foundation for the years ended December 31, 2016 and 2015 are presented in the following table:

	2016	2015	Dollar Change	Percentage Change
Operating revenues	\$ 1,656,923	\$ 1,467,529	\$ 189,394	12.9%
Operating expenses	2,310,959	1,883,014	427,945	22.7%
Operating loss	(654,036)	(415,485)	(238,551)	57.4%
Nonoperating revenues (expenses)	1,534,363	(69,873)	1,604,236	-2295.9%
Other changes in net position	421,728	539,021	(117,293)	-21.8%
Change in net position	1,302,055	53,663	1,248,392	2326.4%
Net position, beginning of year	22,054,856	22,001,193	53,663	0.2%
Net position, end of year	\$ 23,356,911	\$ 22,054,856	\$ 1,302,055	5.9%

The Statement of Revenues, Expenses, and Changes in Net Position for the year ended December 31, 2016 shows an increase in net position of \$1,302,055 for the Foundation.

PENSACOLA STATE COLLEGE FOUNDATION, INC.
A COMPONENT UNIT OF PENSACOLA STATE COLLEGE
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2016 AND 2015

The Statement of Revenues, Expenses, and Changes in Net Position (Continued)

The Foundation continued to receive private donations as well as earning income on investments for the 2016 fiscal year. The change from a net investment loss (excluding the change in value of split-interest agreements) of \$494,586 in 2015 to a net investment gain of \$1,104,305 in 2016 was the primary contributor to the overall increase in net position. An analysis of 2016 contributions and other operating revenues compared to 2015 reflects an increase of \$72,101. By class, unrestricted revenues increased \$55,134, expendable revenues increased \$134,260 and nonexpendable revenues decreased \$117,293. Operating expenses reflected a \$427,945 increase, primarily attributable to expenses of \$464,640 for the building of the Charles W. Lamar Studio at the Anna Lamar Switzer Center for Visual Arts in 2016. There were no building expenses in 2015.

Operating expenses of the Foundation for the years ended December 31, 2016 and 2015 are presented in the following table:

	2016	2015	Dollar Change	Percentage Change
Program services	\$ 1,544,309	\$ 1,153,498	\$ 390,811	33.9%
Management and general	404,774	348,564	56,210	16.1%
Fundraising services	361,876	380,952	(19,076)	-5.0%
Total operating expenses	<u>\$ 2,310,959</u>	<u>\$ 1,883,014</u>	<u>\$ 427,945</u>	22.7%

Program services represent direct expenditures for the College departments. These expenditures for the year ended December 31, 2016 consisted primarily of scholarships, building additions, professional services, equipment, and supplies for the College departments.

The Statement of Cash Flows

The Statement of Cash Flows is important to readers because it shows the Foundation's ability to generate cash required for its operations and payment of obligations in a timely fashion. It also provides information regarding decisions made by management as to the use of cash available.

The Statement of Cash Flows shows the cash provided by and used in operating, investing, and noncapital financing activities.

- Operating activities include funds received (e.g. from private donors) and payments (e.g. for scholarships, programmatic equipment, materials and supplies, and suppliers for goods and services) made for the Foundation and College departments.

PENSACOLA STATE COLLEGE FOUNDATION, INC.
A COMPONENT UNIT OF PENSACOLA STATE COLLEGE
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2016 AND 2015

The Statement of Cash Flows (Continued)

- Investing activities represent funds used to purchase investments, the associated investment earnings, and proceeds from sales of investments.
- Noncapital and related financing activities include payments on line of credit, funds received for permanent endowments, and other related activities.

This information is consolidated to show the total increase or decrease in cash for the year as shown on the Statement of Net Position. A reconciliation is provided that shows how the operating loss as shown on the Statement of Revenues, Expenses, and Changes in Net Position is related to the net cash generated or consumed by operations. The difference between operating loss and net cash provided by or used in operating activities occurs because of the use of accrual accounting. Income will reflect revenues earned but not collected in cash and expenses incurred but not paid as of the end of the year. Thus, operating loss may be more or less than net cash provided by operating activities.

Economic Factors That Will Affect the Future

Management believes the Foundation is well-positioned to maintain its stable financial condition and to continue providing support to students, College departments, and the community. Although raising private donations continues to present a challenge, the Foundation is raising funds through special events and other means to support the College and its operations. In addition, the Foundation has a restricted net position that should adequately fulfill the College's fiscal year 2017 requests. The State of Florida deferred funding for the State's fiscal year 2017 Dr. Philip Benjamin Matching Program, yet anticipates an allocation from the fiscal year 2017 First Generation Scholarship Matching Grant for the Florida College system. The Foundation is not aware of other currently known facts, decisions, or conditions that are expected to have a significant effect on the overall financial position or results of operations during the 2017 fiscal year. The Foundation's overall financial position can be affected by many factors, including world events, State of Florida legislative changes, and market fluctuations.

PENSACOLA STATE COLLEGE FOUNDATION, INC.
A COMPONENT UNIT OF PENSACOLA STATE COLLEGE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements.

Reporting Entity:

The Pensacola State College Foundation, Inc. (the “Foundation”) was formed in 1965 as a Florida not-for-profit corporation to encourage, solicit, receive, and administer gifts and bequests of property and funds for the advancement of Pensacola State College (the “College”) and its objectives.

The organization receives contributions from the public and occasionally receives state matching funds to promote and support education.

Financially Interrelated Organizations:

Generally accepted accounting principles presume that combined financial statements for financially interrelated organizations are more meaningful than separate statements and are usually necessary for fair presentation. The College and the Foundation are financially interrelated organizations as defined by generally accepted accounting principles. The Foundation is a component unit of the College and is presented within the College’s reporting entity as one of its discretely presented component units.

These financial statements are intended to present only the financial position and results of operations of the Foundation, and do not include the financial position or results of operations of the College. These financial statements are issued separately to comply with the State of Florida’s reporting requirements.

Basis of Presentation and Accounting:

Basis of accounting refers to when revenues, expenses, and related assets and liabilities are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the measurement focus applied.

The Foundation follows standards of accounting and financial reporting that are generally accepted in the United States of America for governmental entities. The Foundation’s financial statements are presented using the economic resources measurement focus and the accrual basis of accounting which recognizes revenue when earned and expenses as incurred.

Because the Foundation solely supports the activities of the College, which has elected to report as an entity engaged in business-type activities, the Foundation has also elected to report as an entity engaged in business-type activities.

PENSACOLA STATE COLLEGE FOUNDATION, INC.
A COMPONENT UNIT OF PENSACOLA STATE COLLEGE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents:

For purposes of the statement of cash flows, the Foundation considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Investments:

The Foundation records investments at quoted market values. The market value method of accounting for endowment funds is employed to ensure proper distribution of market price changes, realized gains (losses) on sales, accrued income earned and distribution of investment earnings. Investment income from endowed investments, up to 5%, is recorded as revenue in the restricted funds as designated by the individual endowments. Endowment investment income in excess of 5% is added to the principal of the nonexpendable endowments, and investment activity of trusts and other formal agreements is recorded as stated in the respective document(s). Income from the investments in the remaining funds is recorded as revenue in the respective fund.

In accordance with the Uniform Prudent Management of Institutional Funds Act (UPMIFA), as adopted by the State of Florida in July 2006, the Foundation employs a total return method for establishing investment objectives and spending policies designed to achieve financial equilibrium for endowment funds over the long term.

The Foundation utilizes a spending policy designed to smooth spending distributions and protect endowed programs from market volatility by calculating distributions based on a percentage of the average market value of the endowment over a specified period of time. The Foundation has made expenditure decisions in accordance with prevailing UPMIFA standards and donor gift agreements. UPMIFA allows organizations to appropriate for expenditure the amount of an endowment fund the organization deems is prudent based on a review of various factors set forth in UPMIFA, subject to terms set forth in the gift agreement.

For the years ended December 31, 2016 and 2015, the Foundation endowment spending rule provided for annual distributions not to exceed 5% of the average three-year value of the portfolio. For the years ended December 31, 2016 and 2015, the Foundation's endowments provided investments income of 2.45% and 2.20%, respectively, of the average three-year market value.

Investments classified as current are either unrestricted or are available for expenditure in the next fiscal year in accordance with donor restrictions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Allowance for Doubtful Accounts:

No allowance for doubtful accounts has been established for other receivables as management believes all amounts are collectible. An allowance for doubtful accounts has been established for promises to give.

Split-Interest Agreements:

The Foundation serves as trustee for split-interest agreements classified as charitable remainder unitrusts. Assets received under these agreements are recorded at fair market value and the liabilities to make future payments under these agreements are recorded at present value, with the difference reported as a gain or loss. These assets and liabilities are adjusted to reflect changes in their fair market value and present value. The determination of the present value of liabilities under split-interest agreements is based on discount rates, the remaining time period as determined in the trust documents, and the fair value of the underlying investment portfolio.

Capital Assets:

Capital assets are recorded at cost, except for donated assets which are recorded at estimated fair market value at the date of receipt. Assets with a useful life of two or more years and costing \$5,000 or more are capitalized and depreciated over their estimated service lives on a straight-line basis. Estimated lives used in determining depreciation for furniture and equipment are 5 years. Improvements to leased facilities have been capitalized and are amortized over 10 years. All existing capital assets are fully depreciated.

Revenues and Expenses:

Operating revenues and expenses represent ongoing activities of the Foundation, as well as ongoing activities which are in support of the College's programs. Operating activities relate to the Foundation's principal function, which is to solicit, receive, and administer charitable contributions for the College. Nonoperating revenues and expenses consist of those revenues and expenses that are related to financing and investing types of activities and result from nonexchange transactions.

Income Taxes:

The Foundation is a not-for-profit corporation exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. It has been classified as an organization that is not a private foundation under Section 509(a)(2) of the Internal Revenue Code.

PENSACOLA STATE COLLEGE FOUNDATION, INC.
A COMPONENT UNIT OF PENSACOLA STATE COLLEGE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In-Kind Contributions:

The College provides the Foundation with administrative and staff support and office facilities. In-kind contributions are reflected as both revenue and as an equal amount of expense in the statement of revenues, expenses, and changes in net position at the estimated fair value of such contributions. Personnel support is reflected based on actual salary amounts paid by the College.

Restricted and Unrestricted Resources:

When an expense is incurred for purposes for which both restricted and unrestricted resources are available, it is the Foundation's policy to use restricted resources first, then unrestricted resources as they are needed.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported and disclosed in the financial statements. Actual results could differ from those estimates.

Functional Allocation of Expense:

The costs of various programs and activities have been summarized on a functional basis in the financial statements. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Reclassifications:

Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation.

NOTE 2 - CASH AND INVESTMENTS

The Foundation has an investment policy which provides guidelines for the investment of Foundation assets. The objectives of the Foundation's policy are to provide a total return from investments that will preserve the purchasing power of the endowed assets in addition to generating an income stream to support the activities of the College. The Foundation Finance Committee establishes and maintains the investment policy. Investments held by the Foundation at December 31, 2016 and 2015 are reported at fair value. These investments are held by Synovus Trust Company, N.A. ("Synovus"), of Columbus, Georgia, by its sub-custodian, The Bank of New York Mellon.

<u>Fixed Income Mutual Funds</u>		
Dodge & Cox Income Fund	2,064,981	1,644,724
Vanguard Inflation-Protected Services Securities Fund	1,798,331	1,358,445
Vanguard Short-Term Investment Grade Fund	843,150	996,864
Vanguard Intermediate Term Bond Index Fund	2,886,594	2,362,785
<u>Federal Agency Obligations</u>		
Government National Mortgage Association II Modified Pass Through Pool	464	556
Total investments	<u>\$ 20,693,003</u>	<u>\$ 18,986,262</u>

Credit Risk:

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligation, causing the Foundation to experience a loss of principal.

As a means of limiting its exposure to losses arising from credit risk, the Foundation's investment policies limit the exposure of its various investment types. The Foundation's investment policy permits investment in equities listed on a national exchange and bonds issued in United States dollars. Uses of leverage in an account (margin or derivatives securities that increase risk) are prohibited as an investment. Cash should be transitional or held for the purpose of providing liquidity to meet the Foundation's cash flow requirements. This includes commercial paper with an A-1 or P-1 rating at the time of initial investment and money market funds.

PENSACOLA STATE COLLEGE FOUNDATION, INC.
A COMPONENT UNIT OF PENSACOLA STATE COLLEGE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 2 - CASH AND INVESTMENTS (Continued)

Concentration of Credit Risk:

The Foundation funds are invested to produce maximum total return consistent with prudent risk limits. The allocation of the portfolio over various asset classes is the single most important determinant of investment risk and return. At December 31, 2016 and 2015, the investment allocation targets set forth in the investment policy and the actual investment allocation was as follows:

Investment Type	Target Range	Actual Allocation	
		2016	2015
Equity securities	45% - 75%	63%	66%
Fixed income securities	25% - 55%	37%	34%
<u>Ranges within equity securities:</u>			
International and emerging market equities	20% or less	13%	17%
Small capitalization equities	5% - 25%	17%	15%
<u>Ranges within fixed income securities:</u>			
Diversified portfolio of non-investment grade bonds	5% or less	0%	0%

No more than 5% of Foundation assets may be invested in any one issuer, except the U.S. Government.

Custodial Credit Risk:

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Foundation will not be able to recover the value of its investment or collateral securities that are in possession of an outside party. Along with federal depository insurance, the Foundation's demand deposits and money market accounts are secured as provided by Chapter 280, Florida Statutes, which requires local governments to deposit funds only in financial institutions designated as qualified public depositories and creates a trust fund with the ability to assess its member financial institutions for collateral shortfalls if a default or insolvency has occurred.

At December 31, 2016, cash equivalents consisted of \$266,083 held in the Federated Government Obligations money market mutual fund. The fund seeks to preserve the value of the investments at \$1 per share; however, it is not insured or guaranteed by the Federal Deposit Insurance Corporation ("FDIC") or any other government agency.

PENSACOLA STATE COLLEGE FOUNDATION, INC.
A COMPONENT UNIT OF PENSACOLA STATE COLLEGE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 2 - CASH AND INVESTMENTS (Continued)

Interest Rate Risk:

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

The fixed income mutual funds are not rated by a nationally recognized statistical rating organization; however, Synovus prepared average credit quality calculations based on the underlying investments in the funds.

At December 31, 2016 and 2015, respectively, the average effective maturity, duration, and credit quality of the Foundation's fixed income investments were as follows:

Investment Type	2016		
	Average Effective Maturity (Years)	Average Effective Duration (Years)	Average Credit Quality Rating
Dodge & Cox Income Fund	8.10	4.20	BBB
Vanguard Income Securities Inflation Protected Services	8.50	7.88	AAA
Vanguard Short-Term Investment - Grade Fund	3.10	2.55	BBB
Vanguard Intermediate - Term Bond Index Fund	7.20	6.50	A

Investment Type	2015		
	Average Effective Maturity (Years)	Average Effective Duration (Years)	Average Credit Quality Rating
Dodge & Cox Income Fund	7.72	4.34	BBB
Vanguard Income Securities Inflation Protected Services	8.50	7.88	AAA
Vanguard Short-Term Investment - Grade Fund	3.20	2.61	BBB
Vanguard Intermediate - Term Bond Index Fund	6.46	7.20	A

DECEMBER 31, 2016 AND 2015

NOTE 3 - PROMISES TO GIVE

Unconditional promises to give at December 31 consists of the following:

	<u>2016</u>	<u>2015</u>
Total promises to give	\$ 215,035	\$ 272,253
Less present value discount	<u>(3,716)</u>	<u>(7,489)</u>
	211,319	264,764
Less allowance for uncollectible pledges	<u>(4,227)</u>	<u>(5,322)</u>
Total promises to give, net	<u>\$ 207,092</u>	<u>\$ 259,442</u>
Amounts due in:		
Less than one year	\$ 86,019	\$ 74,639
One to five years	<u>121,073</u>	<u>184,803</u>
Total promises to give, net	<u>\$ 207,092</u>	<u>\$ 259,442</u>

Promises to give were discounted using a risk free interest rate of 2% in fiscal years 2016 and 2015.

NOTE 4 - SPLIT-INTEREST AGREEMENTS

During 2003, a grantor named the Foundation as the trustee of a Charitable Remainder Educational Trust and a Charitable Remainder Unitrust. Under the terms of the Charitable Remainder Unitrust, the grantor waived all rights of the Trust and the Foundation was named beneficiary of a life insurance policy of the grantor. As of December 31, 2016 and 2015, the life insurance policy had a cash surrender value of \$32,358 and \$39,741, respectively. The Charitable Remainder Educational Trust assets are recorded at fair value and the related liabilities to make future payments under this trust are recorded at present value. At December 31, 2016 and 2015, the Charitable Remainder Educational Trust assets had an estimated value of \$188,430 and \$190,780, respectively, and the liability was valued at \$124,938 and \$87,009, respectively. The determination of the present value of the liability was based upon the discount rate of 7%.

PENSACOLA STATE COLLEGE FOUNDATION, INC.
A COMPONENT UNIT OF PENSACOLA STATE COLLEGE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 4 - SPLIT-INTEREST AGREEMENTS (Continued)

Under the terms of the Charitable Remainder Educational Trust, designated beneficiaries may receive 7% of the fair value of the trust for 20 years (through 2024) to pay post-secondary education costs. At the earlier of the death of all designated beneficiaries or 20 years, the remaining assets will be available for use by the Foundation. In August 2016, each of the four designated beneficiaries agreed to be allocated an equal share of the accumulated unitrust balance and the annual 7% unitrust amount through June 30, 2024. Such allocations will be available to the beneficiaries for post-secondary education expenses.

The Foundation is and has been the sole recipient of annual gifts from the J.D. Carroll Irrevocable Trust since 1966. At December 31, 2016 and 2015, the trust was valued at \$97,407 and \$95,991, respectively and reported as a split-interest agreement within nonexpendable net position.

NOTE 5 - LINE OF CREDIT

The Foundation has entered into a line of credit agreement with a financial institution. This unsecured line of credit carries a maximum possible balance of \$330,000, expires September 2, 2018, and is subject to a fixed interest rate of 1.98%. The balance on the line of credit at December 31, 2016 and 2015 was \$56,862 and \$86,367, respectively.

NOTE 6 - NET POSITION

Net position is divided into two major categories, unrestricted and restricted. Unrestricted net position includes resources available for any lawful purpose of the Foundation. The Board of Governors has designated \$60,000 of the Foundation's unrestricted net position for future contingencies.

Restricted net position includes resources which are restricted by donors and are classified as either expendable or nonexpendable. Expendable net position includes resources available to the Foundation for expenditure in accordance with stipulations made by donors or external entities that have placed time or purpose restrictions on the use of those resources. The corpus of nonexpendable permanent endowments is available for investment purposes only. Investment earnings on nonexpendable permanent endowments are expendable pursuant to the time or purpose restrictions stipulated by the donors.

NOTE 8 - FAIR VALUE MEASUREMENTS

The Foundation categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 input are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The fair value of the Foundation's assets and liabilities at December 31, 2016 and 2015 was as follows:

Description	2016			Total
	Level 1	Level 2	Level 3	
Cash equivalents:				
Money market mutual funds	\$ 266,083	\$ -	\$ -	\$ 266,083
Investments:				
Equity mutual funds	13,099,483	-	-	13,099,483
Fixed income mutual funds	7,593,056	-	-	7,593,056
Federal agency obligations	-	464	-	464
Assets held under split-interest agreements:				
Funds held in trust	188,430	-	-	188,430
Funds held in trust by others	-	97,407	-	97,407
Total assets	21,147,052	97,871	-	21,244,923
Liability under split-interest agreement	-	-	(124,938)	(124,938)
Total	\$ 21,147,052	\$ 97,871	\$ (124,938)	\$ 21,119,985
Description	2015			Total
	Level 1	Level 2	Level 3	
Cash equivalents:				
Money market mutual funds	\$ 456,685	\$ -	\$ -	\$ 456,685
Investments:				
Equity mutual funds	12,622,888	-	-	12,622,888

PENSACOLA STATE COLLEGE FOUNDATION, INC.
A COMPONENT UNIT OF PENSACOLA STATE COLLEGE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 8 - FAIR VALUE MEASUREMENTS (Continued)

The following methods and assumptions were used to estimate the fair value for each class of asset and liability, measured at fair value:

Money market mutual funds - Funds are measured at the published value per share (unit) and are classified as Level 1 as they are traded in an active market for which closing prices are readily available.

Equity mutual funds - Funds are measured at fair value using quoted market prices and are classified as Level 1 as they are traded in an active market for which closing prices are readily available.

Fixed income mutual funds - Funds are classified as Level 1 as they trade with sufficient frequency and volume to enable the Foundation to obtain pricing information on an ongoing basis.

Federal agency obligations - Investments are classified as Level 2 are measured based on quoted prices for similar securities in active markets.

Funds held in trust - Assets held by the Foundation are invested in the Level 1 securities noted above (money market mutual funds, equity mutual funds, and fixed income mutual funds).

Funds held in trust by others - The Foundation's interest in the irrevocable split-interest agreement held or controlled by a third party is classified as Level 2 as the fair value is based on a combination of Level 1 inputs (underlying investments) and significant other observable inputs (the Foundation's share of the trust portfolio).

Liability under split-interest agreement - The liability is classified as Level 3 as fair value is measured at the present value of the future distributions the Foundation expects to make over the term of the agreement (significant unobservable inputs).

DECEMBER 31, 2016 AND 2015

NOTE 9 - INVESTMENT INCOME

Interest and dividends earned on the Foundation's investments for the years ended December 31, 2016 and 2015 were as follows:

	2016	2015
Interest and dividends earned on endowments	\$ 343,121	\$ 295,934
Interest and dividends earned on cash and non-endowments	124,866	121,309
Total interest and dividends	\$ 467,987	\$ 417,243

Net appreciation (depreciation) on the Foundation's investments for the years ended December 31, 2016 and 2015 was as follows:

	2016	2015
Net appreciation (depreciation) on endowments	\$ 808,002	\$ (362,489)
Net appreciation (depreciation) on non-endowments	258,374	(124,627)
Total net appreciation (depreciation)	\$ 1,066,376	\$ (487,116)

NOTE 10 - RELATED PARTY TRANSACTIONS

Leases:

The Foundation leases the College Centre Apartments from the College for use as classrooms and dormitories. The lease is classified as an operating lease, is effective through July 31, 2017, and is renewable annually. The annual rental rate is renegotiated at each renewal. The rental expense for the years ended December 31, 2016 and 2015 was \$44,568 each year. There are no minimum future rental payments as the annual payment had been made as of December 31, 2016.

The Foundation leases land and buildings, one triplex and one duplex from the College, and subleases these residential apartments to the general public. The lease is classified as an operating lease, is effective through June 30, 2023, and has a one-year renewal option for 2024. The annual rental payment of \$1 per year was made for 2016 and 2015. Future minimum payments are \$1 per year through 2023. No estimate of the fair value of these leases has been determined.

Total sublease income recognized under these leases for the years ended December 31, 2016 and 2015 was \$130,790 and \$137,585, respectively. All subleases are for a period of one year.

PENSACOLA STATE COLLEGE FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 10 - RELATED PARTY TRANSACTIONS (Continued)

Contributions:

Total contributions from members of the Board of Governors, their spouses, and their businesses totaled \$44,334 and \$274,068 for the years ended December 31, 2016 and 2015, respectively. Promises to give at December 31, 2016 and 2015 include approximately \$8,000 and \$5,500, respectively, in promises to give due from members of the Board of Governors and senior Foundation management.

Accounts Payable:

Accounts payable at December 31, 2016 included \$154,283 due to the College for payment requests on restricted funds available for the construction of Building 15.

Foundation Support:

The College provides support to the Foundation by providing management and clerical staff, supplies and office expenses, and the use of computer equipment without charge to the Foundation. The value of these services and materials was recognized as in-kind revenue and expense by the Foundation during the years ending December 31, 2016 and 2015 as follows:

	2016	2015
Supplies	\$ 20,279	\$ 17,622
Office facilities	26,310	26,310
Management and clerical staff	606,020	537,264
	\$ 652,609	\$ 581,196

NOTE 11 - RISK MANAGEMENT

The Foundation is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are subject to Section 768.28, Florida Statutes, and are covered through the purchase of commercial insurance with minimal deductibles and an agreement through the College with the Florida College System Risk Management Consortium. The Foundation has not experienced claims for any of these risks for the past three fiscal years.

PENSACOLA STATE COLLEGE FOUNDATION, INC.
A COMPONENT UNIT OF PENSACOLA STATE COLLEGE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 12 - CONCENTRATION

The Foundation's services are funded by contributions from individuals and businesses in Northwest Florida and by in-kind services and facilities provided by the College. The Foundation's ability to continue to provide the same level of services is dependent on continued funding from these sources.

OTHER REPORT

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Governors
Pensacola State College Foundation, Inc.
Pensacola, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Pensacola State College Foundation, Inc. (the “Foundation”) (a component unit of Pensacola State College), as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Foundation’s basic financial statements, and have issued our report thereon dated April 17, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Foundation’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Board of Governors
Pensacola State College Foundation, Inc.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the Foundation in a separate letter dated April 17, 2017.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
