

PENSACOLA STATE COLLEGE NONPROFIT CENTER FOR EXCELLENCE AND PHILANTHROPY

PENSACOLA STATE COLLEGE is proud to help strengthen nonprofit and philanthropic organizations through education and management designed to support board governance, enhance the business practices of nonprofit organizations, and expand the influence of the nonprofit sector. Each year the institute offers certified fundraising executives (CFRE) credit for their mastery of skills and information shared through Pensacola State College’s Nonprofit Center for Excellence workshops.

Attendees benefit from professional trainers and expert panelists who equip attendees with best-practices and practical template that can be used in their organizations. Workshops help attendees earn continuing education units necessary to secure and renew certification as a Certified Fund Raising Executive.

Naming Opportunities

Significant gifts to the college provide opportunities for donors to designate the name of a college facility or program in honor of the donor or another person. Scholarships, endowed chairs, lecture series, and faculty and staff awards programs are among the named gift opportunities, as are buildings or portions of buildings, including laboratories and conference rooms. Naming opportunities range from \$10,000 to \$5,000,000 and are offered in recognition of a single, tax-deductible, irrevocable gift or written pledge made over a specified period of time.
