

PENSACOLA STATE COLLEGE JAN MILLER CONFERENCE CENTER — PROGRESS TOWARD EXCELLENCE

There is no space available that meets College or community conference or training needs if a group exceeds 300 individuals for banquet or ballroom type events. The Jean & Paul Amos Studio can host 600 attendees but 499 of the seats available are stadium style seats that are not conducive to larger training meetings or conferences. Additionally, moving the sound and lighting equipment costs approximately \$1,250 for each event. Routinely, requests from community partners must be declined because of the lack of available open dates.

"When you have a multitude of blessings, you have a social responsibility to the community in which you live." -**Jan Miller**, donor and volunteer

Naming Opportunities

Significant gifts to the college provide opportunities for donors to designate the name of a college facility or program in honor of the donor or another person. Scholarships, endowed chairs, lecture series, and faculty and staff awards programs are among the named gift opportunities, as are buildings or portions of buildings, including laboratories and conference rooms. Naming opportunities are offered in recognition of a single, tax-deductible, irrevocable gift or written pledge made over a specified period of time.

"There are many special events, seminars and workshops in the course of the academic year held at the campus by both the College and the community, yet we do

not have a dedicated space for these events. We also have to decline requests or go off campus for our own events because the space we have is not large enough to accommodate special events. This facility would ensure that we do not inconvenience the regular activities of the campus when special events are requested."

- **Dr. Ed Meadows**, President, Pensacola State College

YOU CAN HELP

CAPITAL NEEDS:

Currently the available spaces on campus have limited seating and do not meet the training and conferencing needs of the College.

- WSRE Jean & Paul Amos Performance Studio- \$1,250 cost per use
 - 100 banquet style attendee space & 499 stadium seats
- Delaino Student Center- limited availability with negative impacts on student socialization and networking
 - Capacity is limited to 250 for plated dinners and entertainment
- Culinary Dining Room-limited access due to culinary and hospitality instructional courses
 - Capacity is limited to 60 seated patrons

THE NEED:

A dedicated 12,500sf conference center would enable the College to enhance professional development training opportunities for College faculty and staff. Additionally, students and community partners would benefit from the facility that could be used to meet the training, workshop and conference needs detailed below:

- Master teacher seminars
- Nonprofit Center Workshops, Summit, Trainings
- Opportunities for Hospitality and Culinary Students to engage in hands on experiences
- Internships and Mentorships, in-house
- Guest Lecturers to share expertise and improve student experience
- Scholarship and Entrepreneurial Events to promote student success
- Reduced event expenses with improved opportunities and availability
- Volunteer and Career Fairs to invite community involvement
